TRAINING MANUAL ON ASSISTANCE INCOME PROTECTOR

PRODUCT TRAINING - INCOME PROTECTOR

LONG-TERM INSURANCE ACT

BACKGROUND:

During 2020 - amidst the Covid pandemic, a huge number of claims were received, which included a lot of death and disability claims. The retrenchment claims alone, increased with between 30% - 40% since May 2020.

During the time that a person is being retrenched, the CLI (Credit Life Insurance) covers all the unsecured debt, however, **crucial living expenses** such as school fees, medical bills, fuel, food, and daily **living expenses are not being covered** by the CLI.

Hence, the Assistance Income Protector was developed, to assist clients to maintain their standard of living, even though retrenched.

As Debt Counsellor, you spent as huge amounts to get the client through your doors, and sometimes the client's affordability is of such a nature, that it is impossible for the client to qualify for debt review.

Now you can still sell this product to the client. It does NOT have to be linked to Debt Review or CLI. It can be sold as a stand-alone product. In this way you as Debt Counsellor can generate a very lucrative additional income stream by means of the Assistance Income Protector.

DEFINITION:

An income protector is an insurance policy that pays out a monthly “salary” based on cover chosen—when a person cannot work due to illness, injury, or retrenchment.

It acts as a **financial safety net** to cover monthly expenses, such as **rent payments**, groceries and other living costs, when you are temporarily unable to earn an income.

Before we move on, let's explain a few different Insurances and how they impact a client's financial situation and why it is important to consider offering Income protection to clients that are already in a vulnerably situation money-wise.

WHAT IS THE DIFFERENCE BETWEEN LIFE INSURANCE, CREDIT LIFE INSURANCE AND INCOME PROTECTION INSURANCE

Life Cover provides a lump sum upon death for beneficiaries, Credit Life pays off specific debts (loans/bonds) if you die, are disabled, or retrenched and Income Protection pays an income if you cannot work due to illness, injury or retrenchment and it affects your salary due to it. e.g unpaid leave.

Here is a breakdown of the differences:

1. Life Cover (Life Insurance)

- **Purpose:** Protects beneficiaries from financial hardship **after your death**.
- **Payout:** A lump sum is paid to beneficiaries.
- **Focus:** Long-term financial security for dependents.

2. Credit Life Cover

- **Purpose:** Specifically covers outstanding debt (mortgage, car finance, personal loans) **if you die, are disabled, or retrenched**.
- **Payout:** The benefit goes directly to the lender (bank/creditor), not your family.
- **Focus:** Ensures debt is settled, preventing inheritance of debt.

3. Income Protect Insurance

- **Purpose:** Supplies an income if you are **temporarily unable to work** due to illness an accident or retrenchment.
- **Payout:** A monthly payment (based on your cover chosen) until you can return to work or when cover time of 6 months has been reached.
- **Focus:** Facilitates necessary living expenses while recovering or seeking employment

WHY DCCP'S INCOME PROTECTION

WHAT IS A POLICY SCHEDULE?

A policy schedule is a personalized, summarizing document attached to an insurance policy that outlines the specific details of the coverage. It serves as a, "declaration" or "certificate" detailing who is insured, what is covered, the sum insured, the policy period, and the premium.

WHAT IS A GRACE PERIOD?

An insurance grace period is a set timeframe—typically 15 to 30 days—after a premium due date during which the policy remains active even if payment has not been made. This cushion allows policyholders to pay late without losing coverage.

WHAT IS A COOLING OFF PERIOD?

A cooling-off period in insurance is a designated, short-term window (typically 14 to 30 days) following the purchase or activation of a policy, during which the policyholder can cancel for any reason and receive a full or partial refund of premiums paid. This period allows customers to review, understand, and, if necessary, reconsider their coverage without financial penalties.
